

CSC Telecom would like to greet all members of AmCham Estonia and bring the newest promotional offering.

CSC Telecom offers telecommunication services using the newest technological advances in the telecommunication sphere as well as knowledge gained from extensive research into clients' needs. The range of CSC Telecom services will satisfy the needs of any enterprise. Besides communications, the company offers a multifaceted range of services, starting from an analysis of clients' needs and consultations, to telecommunication network design and systems integration.

A special offer for all AmCham members from CSC Telecom:

**Calling USA and Canada phone numbers at a low rate of  
0.60 EEK per minute**

In addition, we offer other attractive rates to call other countries.

To get more information on rates and services please contact CSC Telecom sales department.
